

# Calves for Hospice

We are a small province and Hospice Southland needs to raise over 2.5 million dollars annually to enable us to offer world-class palliative care to those in our community that need it most, all free of charge. We are a 100% locally based charity working in and for your community. One-in-three Southlanders who die each year are cared for by Hospice.

Hospice has been caring for residents in Southland and the Wakatipu Basin for over 27 years and your support for our Calves for Hospice fundraiser will mean it is possible for us to continue caring for the growing needs of our patients and their families.

We last ran this fundraiser in 2017 and thanks to generous farmers across Southland we raised over \$55,000 to help Hospice continue our work in your community. That's the difference of having another Nurse in your community. **Thank you – Your support is greatly appreciated.**

## How does it work?

You raise an extra calf or two until they are weaned in late November/early December.

Calves are identified with a Hospice ear tag. The calves are then picked up and sold, with all proceeds to Hospice Southland. All you need to do is commit to rearing a calf which will be weaned before the sale date.

Preference is for a Beef cross or straight Friesian calves. **This year the sale day is set for the 10<sup>th</sup> of December 2019** and calves will be picked up from your property the day before.

Please complete the registration form on the back of this flyer and send it back to Hospice Southland. Alternatively go to [www.calvesforhospice.org.nz](http://www.calvesforhospice.org.nz) and complete the form online.

Prior to arranging pickup of your calf/calves you will need to tag the calf with your own EID and complete NAIT paperwork as the calf will be sold.
